ROLL CALL

Agency: Scott, Sutphen, Block, Ashworth, Williams

The Agency, staff, and others met at the site at 1:00 p.m. They looked at the existing driveway crossing and the wetland area that would be impacted if the driveway were to be widened to 24 feet. They noted the widening would be on the north side and noted the wetland vegetation on the south side.

Staff reported that the Agency had previously granted a permit to allow the placement of field stone in the wetland area further east.

The walk ended at 1:25 p.m. No motions were made and no action was taken.
